

Veterinary fees paid by CCAR when adopting an animal:

Dogs:

- Medical needs up to day of adoption
- Worming meds will be sent home if needed
- Heartworm test if older than 6 months
- Distemper/lepto/parvo vaccination (may need booster)  
Adoptive family will provide booster if needed
- Rabies vaccination if older than 12 weeks
- Spay or neuter - when age and weight are attained

Cats:

- Medical needs up to day of adoption
- Worming meds will be sent home if needed
- Feline leukemia test if older than 6 months
- Distemper/lepto/parvo vaccination  
Adoptive family will provide booster if needed
- Rabies vaccination if older than 12 weeks
- Spay or neuter - when age and weight are attained

If Cottonwood Veterinary Clinic is used, they will contact you when services are needed.

I understand and agree I will be responsible for all medical needs after adoption day other than spay or neuter if applicable.
